Engineering Outreach

August 10, 2020
Edgewood Country Club

**THANK
YOU**

**The 19th Annual
Golf Outing was
a Success!**

| 2020 SPEO GOLF OUTING

SPEO appreciates all of the committee members, volunteers, friends and partners who helped make this event a success. Special thanks for the coordination of Becky Abaray, Pete Micklewright and the staff at Edgewood Country Club for their cooperation and guidance in navigating the requirements related to Covid19 events.

**Thank you
to all of our
golfers and/or
sponsors!**

NOTE FROM THE COMMITTEE CHAIRPERSON

Herb Higginbotham,
SPEO Golf Committee
Chair, HDR Engineering

“This year has been a challenge given the regulatory restrictions necessitated by Covid19. I am thankful to the committee for their work in making this event a success, and to SPEO’s chairperson, Sheena Sundin being available and contributing to our committee meetings and input. I am especially thankful for the diligence of Denise Hartley as this year was especially challenging to her work given the circumstances. I personally missed the social hour and dinner as that prevented networking, which is extremely important to the mission of SPEO, but there was no way to make this happen. Safety was our primary concern. At the end of the day, we were able to raise funds for the mission of SPEO. I am pleased we were able to accomplish that.”

| 2020 SPEO Golf Outing Winners

1st Prize

Patrick Leach, John Tricini,
Mike Konopka,
Manda Metzger
Score: 62*

2nd Prize

Eric Meyer, Jeff Moore,
John Garafalo, Andy Devite
Score: 62*

3rd Prize

Ed Reese, Adam Henger,
Chris Grady, Doug Mackie
Score: 62*

*Match of Cards

The mission of Southwestern Pennsylvania Engineering Outreach (SPEO) is to:

- ☑ Provide opportunities, guidance, and mentoring to existing and new minority- and women-owned engineering firms in the area, enabling them to be viable, competitive, self-sustaining members of the business community.
- ☑ Enable minority- and women-owned firms to provide competitive employment opportunities that will attract and keep talented, ambitious minority and women engineers in the area.
- ☑ Encourage and support youth to enter the engineering profession.

MISSION
