The 23rd Annual Southwestern Pennsylvania Engineering Outreach Golf Outing and the 2024 SPEO Reception and Dinner

The Southwestern Pennsylvania Engineering Outreach (SPEO) 23rd Annual Golf Outing will be held **Monday, August 12, 2024 at Edgewood Country Club**. The Club is easily assessable from the Churchill exit on the Parkway East (I-376).

The primary objective of the SPEO program is to support, mentor and provide networking opportunities for existing minority and women-owned engineering, architectural and technology related firms in the Pittsburgh region in order for them to expand their business capabilities and enhance their long-term viability. The program provides the opportunities and resources necessary to meet this goal. The secondary objective is to develop new Pittsburgh based minority and women-owned firms over time. The SPEO Golf Outing will give you excellent opportunities to network with individuals from MBE and WBE firms, individuals from firms providing mentoring to our members and other friends of SPEO while enjoying a wonderful day and evening, all while providing much needed support to an organization dedicated to making a difference.

Our day will begin with registration check-in and distribution of box lunches beginning at 9:30 AM. Golf will begin with a shotgun start at 11:00 AM. Golf is followed by the SPEO Reception and Dinner. There will be awards presented for golf skill and team accomplishments. The format will be a scramble.

In addition to tournament prizes, we will raffle prizes donated for this event. The raffle will include a variety of items from our members and the community. If you desire to contribute a prize (or prizes), please contact Danielle List at (703) 859-5631 or dlist@hntb.com.

Attached is an entry form and information to register. If you are not participating in golf, please take note of the opportunity to sponsor a hole or a tee and be recognized in the SPEO 23rd Annual Reception and Dinner Program and with a sign at a location on the golf course.

For more information about SPEO's mentoring and protégé opportunities, questions or membership, please visit the SPEO website (www.speo-pa.org).

We appreciate your support of this extremely worthwhile program to mentor and support MBE and WBE engineering firms in the Pittsburgh region, as well as secondary school students with a desire to enter math and science related careers. While we anticipate a fun day on the golf course, take the opportunity to network for business reasons and to learn more about SPEO and how you can support this ambitious organization and our protégé members!

SPEO Golf Committee

PLEASE NOTE CHANGE: The shotgun start will be at 11:00 AM. Please arrive and be ready prior to 11:00 AM.
